CONTEXT

CONTEXT

The country has shown
significant progress
despite the many challenges
it still faces.

CHALLENGES OF EDUCATION

- ▶ General Education System Reforms
- ▶ School dropout and repetition
- ▶ Early marriage and pregnancy that prevent children from completing their studies
- ▶ The distance from home to school
- ▶ Lack of classrooms
- ▶ Overcrowded classrooms
- ▶ Lack of adequate numbers of qualified teachers

“School for All” Project is one of the ways to respond to the most urgent needs of Mozambique!

Building

Water supply

Sanitary facilities

Technology

- **Fast construction, resistant to cyclones and earthquakes;**
- **Natural lighting within the room and windows features.**

GOALS

**Reduced dropout rates,
particularly for girls**

Education for All

Quality Education

Increase approval rates

Long life learning

**Development of 21st
century skills**

EDUCATION PROJECT

SCHOOL FOR ALL

THANK YOU!
