

Genius Plaza

A stylized lightbulb icon in orange and blue. The bulb is orange with a white filament that forms a heart shape. The base of the bulb is blue with white horizontal stripes. The bulb is surrounded by several orange, teardrop-shaped rays emanating from the top, suggesting it is glowing.

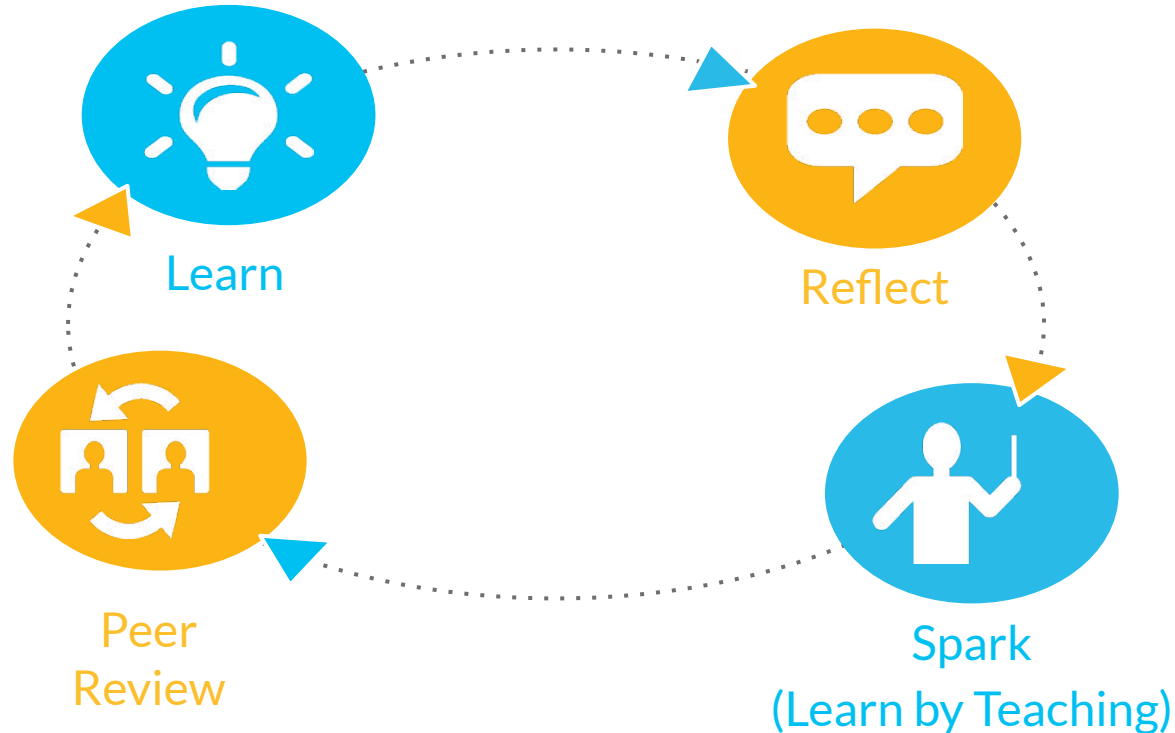

*Igniting The Genius In Each Child
Especially the Underserved*

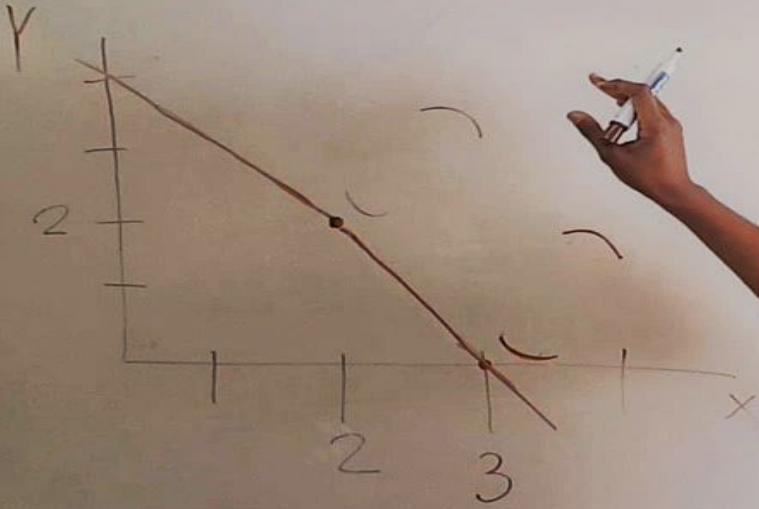

Global Collaboration

Our Didactic Method

Culturally Relevant - Personalized Learning - Focused on End Goal

**Protagonists
of their
Learning Experience**

Global Connections Focused on Outcomes

Students explore other cultures, learning styles, and engage in peer-to-peer teaching.

*Igniting the Genius in Every Child
Especially the Underserved*

It Takes a Community to Raise a Genius!

How can we track and improve the health and academic outcomes of our children from birth to high school graduation?

We have a Problem!

Health & Education Work in Silos

Genius Baby
0 to 3

Genius PreK
3 to 5

Genius Plaza
6 to 18

Let's build the solution!

Genius Village

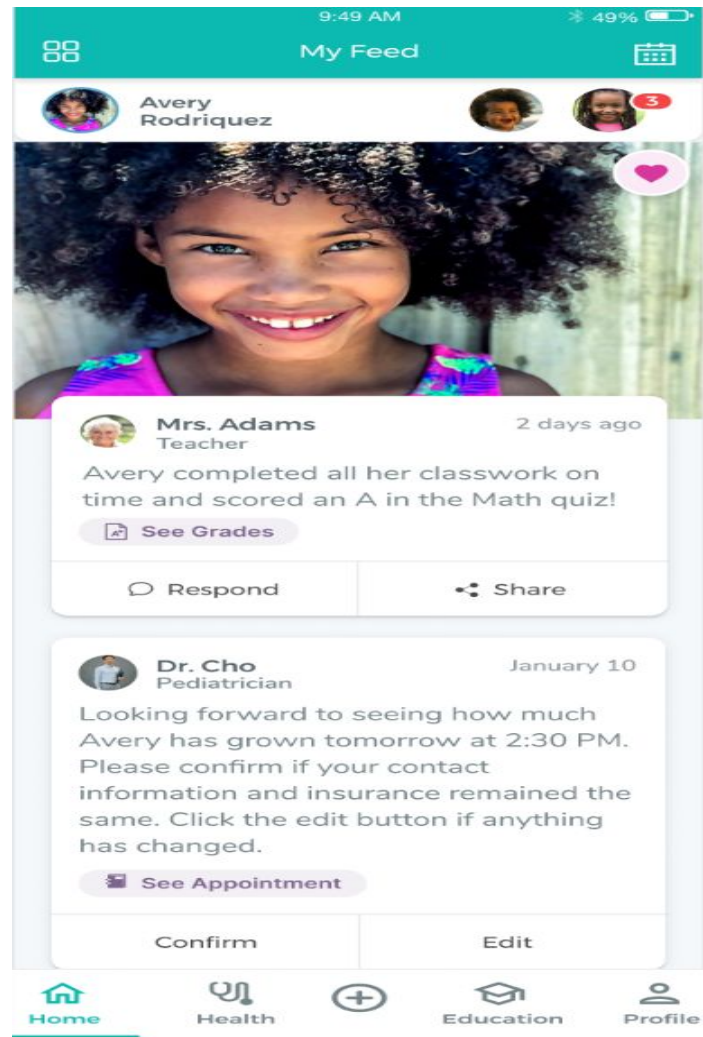

Aims to **Connect** Health Care Providers & Educators to Parents

Using Mobile in 80+ Languages!

Imagine a world
where parents can
track the health
and education of
their kids!

Genius Village provides leaders the tools to prioritize resources on the health and educational needs of their countries

The non-identifiable data can be grouped by ethnicity, income level, status, region, zip code and more. Based on the leader's priorities.

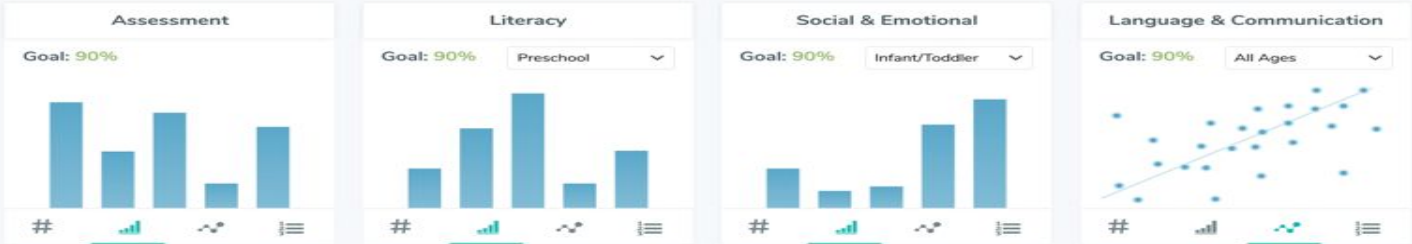

Equity Dashboards are customized based on the leader's priorities or funding organization's agenda

CENTER COMPLIANCE

SCHOOL READINESS

Student Information System

- SMS Compatible

- Online/Offline Sync

Using Mobile in 80+ Languages!

- Track Student Enrollment
- Track Student Attendance
- Track Student Grades
- Track State Assessments
- Track Teacher Qualifications
- Track Teacher Absenteeism
- Track Teacher Training
- Track School Performance
- Track School Inventory
- Track School Budget
- Track Immunization Records
- Manage Your Learning Management System

New Student Information System (SIS)

- Designed for rural areas in mind
(off line and SMS based solution)
- You, as country level education leader, will have great aggregated data on your finger tips.
- Daily customized reports

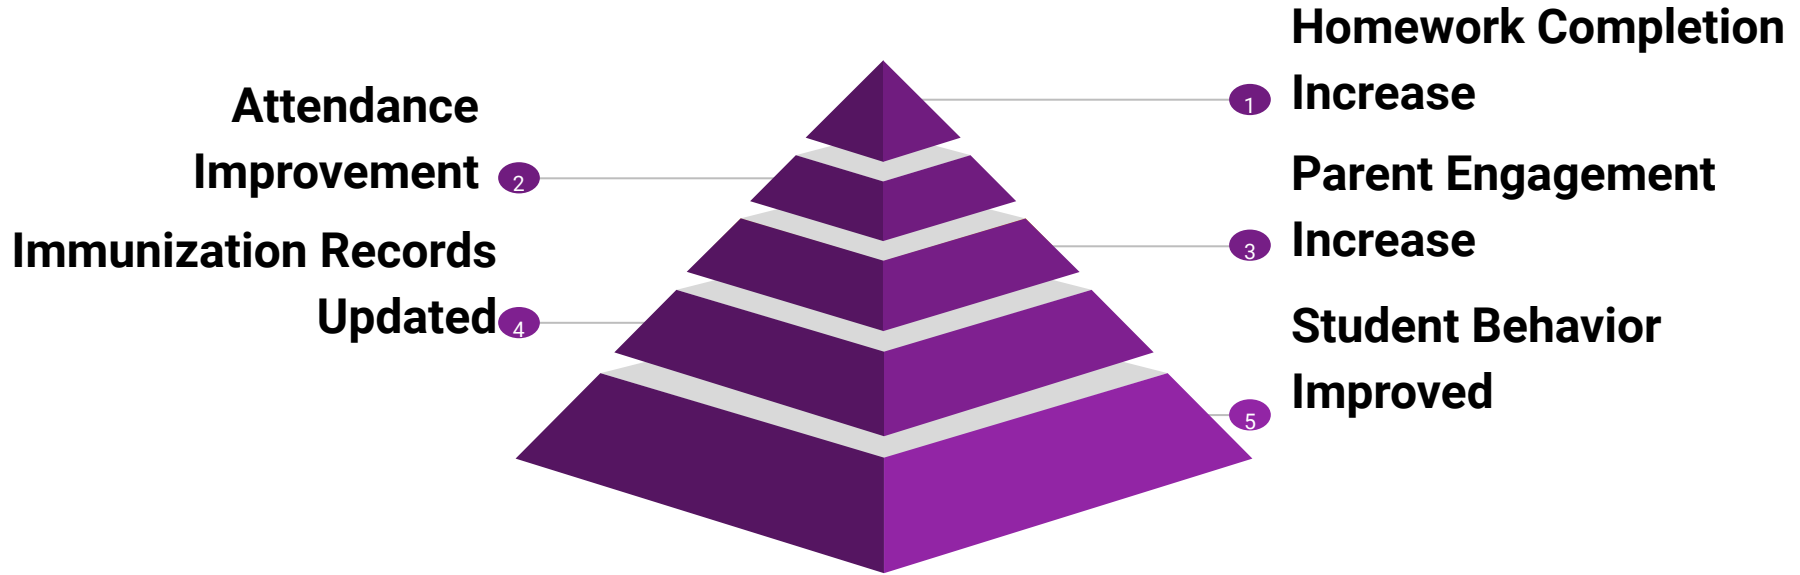

We are partnering with the World Bank for a large education project in Uganda

WORLD BANK

The World Bank wants the same: data, aggregated data through a reliable, trustworthy SIS in order to fund projects.
